#### 2. Reason

Regarding profit distribution, the Company has a basic policy of maintaining stable dividends while securing internal reserves for future business development and for bolstering its financial position. The Company considers the dividend payout ratio as an important indicator of how appropriate a dividend payment is, and targets a dividend payout ratio on a consolidated basis of approximately 30% for each fiscal year.

With regard to the year-end dividend for the fiscal year ended December 2019, the Company will pay a dividend of 55.00 yen per share in full consideration of the business results for the fiscal year under review, the future business environment, financial position, capital requirements, and other factors. As a result, the annual dividend was 95.00 yen per share, including the interim dividend of 40.00 yen per share.

\*The dividend forecast is as follows.
